

# Living Your Purpose Foundation Newsletter - 2024

# Message from the Founder

Dear Donors,

May peace be upon you!

Thank you for your compassion!

A major milestone this year is the **GuideStar India certification** we received. This certification is awarded only to organizations that are run professionally and uphold the highest standards. You can view the certification on our new website, *livingyourpurposefoundation.com*. The highlight of our new website is its simplicity—it is just one page, yet impressive, with all the details you need.

As for the foundation's projects, we are currently focusing on **four UN Sustainable Development Goals (SDGs)** and will gradually expand to others in the coming years. A key highlight is **Project Annadhanam**, a unique initiative under SDG 2 (Zero Hunger), where we provide food to the poor and the working class—people who are not beggars but struggle to afford even two meals a day.

Take a few minutes to go through our projects in the annual report. This will give you insights into the SDGs we are working on and how your contributions are being utilized.

May God bless all of us!

Have an abundant year ahead!

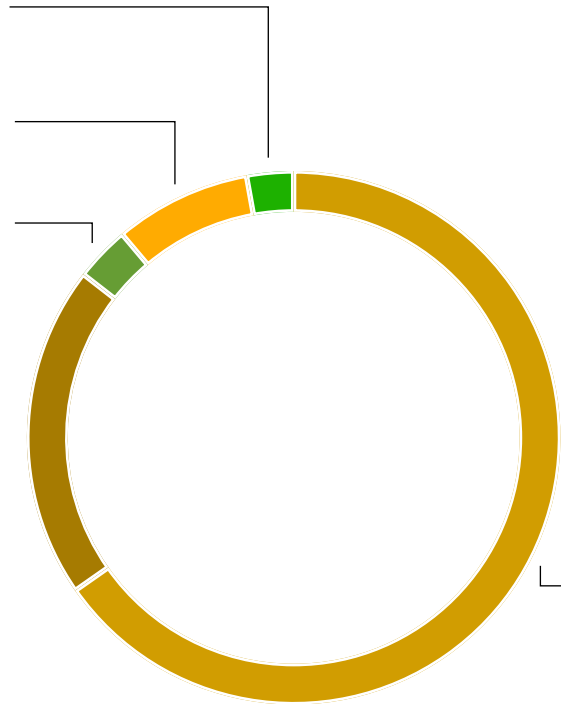

With respect,

**Boobalan Nagendran**

Founder & Chairman
